(CASE NO. I-05152C) (GLOBAL ID NO. T10000013273)**

Dear Ms. Madden, Mr. Vahdat, and Mr. Bhattarai:

On August 23, 2019, the California Regional Water Quality Control Board, Los Angeles Region (Los Angeles Regional Board) received correspondence from Exxon Mobil Corporation requesting an extension from September 30, 2019, to November 15, 2019, to submit a site assessment work plan and additional information for the subject site (Site). Exxon Mobil Corporation indicated in their request that they have been unable to locate files related to the Site internally and that they need additional time in order to complete further internal searches and search external sources, including a search of the Los Angeles Regional Board's files.

Your request for an extension is hereby granted. Exxon Mobil Corporation, Hanukah, Inc., and Petroleum Management & Marketing are now required to submit the site investigation work plan and additional information by November 15, 2019.
