

Summer Tours Return to Cypress Water Production Facility

The City of Lomita is committed to the open and transparent operations of its water system. As part of that commitment, the City has once again scheduled a series of one-hour tours of the Cypress Water Production Facility. The tours provide residents a wonderful opportunity to learn about the City's water supply and upcoming projects and programs to improve water delivery and quality. Lomita residents and business owners are encouraged to register online at lomitawater.com/water-tours.

Join us on one of the following summer tour dates:

Tuesday, July 11 at 4 p.m.

Tuesday, August 22 at 4 p.m.

Saturday, September 16 at 10 a.m.

**To register for a tour of CWPF, visit:
LomitaWater.com/Water-Tours**

For more information about CWPF, the GAC project and where Lomita's water comes from, visit the "Infrastructure" menu and its subpages on our website: LomitaWater.com

Lomita Returns to Drought Response Stage 1

In response to local and regional water conditions, the Lomita City Council declared an end to the Drought Response Stage 2 Water Shortage, and returned to a Drought Response Stage 1 Shortage at its regular City Council meeting on May 16, 2023. Under the City's approved Water Shortage Contingency Plan, the following prohibitions and restrictions are now in effect under a Stage 1 (up to 10%) Shortage:

- No irrigation between 10 a.m. to 8 p.m.
- No person shall operate a decorative water feature (fountains, ponds, etc.) that does not have a recirculating system
- All landscape irrigation limited to no more than three (3) days per week from June 1 to Oct. 31 and no more than once per week from Nov. 1 to May 31
- All landscape irrigation limited to no more than 15 minutes per station per watering day
- Repair or isolate leaks within 72 hours of notification by the City
- No washing sidewalks and driveways with water
- Car washing only with bucket or a hose with shutoff valve or nozzle
- Excess irrigation runoff is prohibited
- No landscape irrigation during or within 48 hours of a rain event
- Restaurants to serve water only upon request
- Restaurants to wash kitchen and dining room with bucket or specialized water broom only
- Hotels/Motels to provide customer option of daily laundry
- Automobile wash business must use water recycling systems

REBATE CORNER SAVE WATER. SAVE MONEY.

West Basin Municipal Water District

Grass Replacement Rebate

Receive \$3 per square foot of grass removed from residential and commercial landscapes. To qualify, projects must replace grass with landscapes that include water-saving plants, upgraded irrigation systems and rainwater capture features.

To learn more and check eligibility, visit:

WestBasin.org/Grass-Replacement
