## Lomita Local Travel Network Community Workshop

WE WANT TO HEAR FROM YOU!

**10AM-12PM SATURDAY, JANUARY 24TH**

TOM RICO CENTER AT LOMITA PARK

24428 ESHELMAN AVE, LOMITA

The City of Lomita is excited to introduce new wayfinding signage and a series of traffic calming improvements, such as curb extensions and neighborhood traffic circles, which will enhance safety, comfort, and connectivity throughout the community. Improvements are proposed along **Eshelman Ave, Pennsylvania Ave, Ebony Ln, Walnut St, Appian Way, 240th St, 242nd St, 250th St, 253rd St, 254th St, 255th St, 262nd St**, and other streets in Lomita.

These upgrades will strengthen the **Local Travel Network** and contribute to a broader **regional system of inviting, easy-to-navigate streets** designed for bikes, scooters, neighborhood electric vehicles, and other low-speed mobility options.

Please join us to **learn and share your ideas** on how these improvements will make getting around Lomita safer, more enjoyable, and accessible for everyone.
